

MEDID magnetic wall support

Item code: 5003
EAN13 Code: 8421411018446
Brand: MEDID

- Mounting Flexibility: Thanks to its dual design, with magnetic and hanger mounting options, this mount adapts to a wide range of work environments, allowing the user to choose the best option based on the available surface.
- Universal Compatibility: The inclusion of 1/4 and 5/8" tripod threads makes this mount compatible with most laser levels on the market, offering a versatile solution for different brands and models.
- Improved Accuracy: By providing a stable base for the laser level, this stand helps improve measurement accuracy, which is crucial in construction and design projects where every millimeter counts.
- Time Savings: The bracket's ease of assembly and disassembly allows users to quickly set up their equipment, optimizing workflow and saving valuable time on the job site.
