

MEDID digital topometer

Item code: 591000
EAN13 Code: 8421411014486
Brand: MEDID

- Improved Accuracy: Thanks to its digital technology, this surveyor offers more precise measurements compared to traditional methods.
- Ease of use: With the ability to store multiple measurements, the user can make and compare different measurements quickly and easily.
- Time Savings: The ability to store and retrieve measurements significantly reduces time spent manually measuring and recording data.
- Versatility: Ideal for a wide range of applications, from construction to surveying, providing utility in various work environments.

Features

Wheel diameter (in mm)	320
Measuring capacity (in m)	9999.9
Reading type	M/dm
Accuracy (in %)	99.95
Minimum reading (in cm)	10
Support easel	Yes
Carrying bag	Yes
Folding handle	Yes
Number of memories	5

Finishes

Color	Yellow
-------	--------

Certifications

Warranty	3 years
Certification	CE Certification

Packaging info

Content unit	unit
Amount of content	1.00
Packaged product: weight (in kg)	3,011
Packaged product: length (in cm)	32,50
Packaged product: width (in cm)	17,50
Packaged product: height (in cm)	54,00
Display	Cardboard box
